

Workforce Summary: Non-Billable

Activity by Department / Program

Department / Program	Open	Closed	Terms	Coming Open
Project Management Org	13	5	6	14
Development	6	12	3	0
Product	2	9	1	6
Account Management	1	1	2	13
Data & Reporting	3	4	2	3
Enterprise Data	4	3	1	0
Architecture & DevOps	1	2	0	1
Marketing	1	3	0	0
Quality & Release Mngmt	2	0	0	2
Other depts (5)*	2	2	6	1

Key takeaway: The org is net-adding headcount: 41 reqs closed vs. 21 terminations in July–August, plus 13 accepted offers starting in August. Project Management Org is busiest across every stage (open, closed, terms, and future demand), while Development and Product show heavy closing activity against light current openings, meaning recent demand there is largely satisfied. Account Management and Project Management Org carry the most anticipated future demand (13 and 14 of the 40 coming-open positions).

*Other departments: Infrastructure & Telecom, Human Resources, Finance, Allazo Technology, Executive Leadership, Internal Systems (1-2 reqs each, across categories). Closed reqs and terminations reflect July–August 2026; Open, Pending Starts, and Coming Open reflect the August 11, 2026 snapshot.

Open Reqs by Department / Program

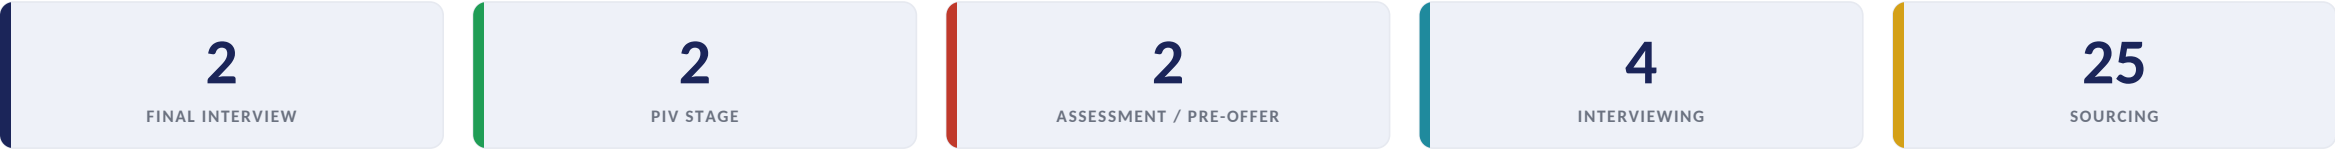

Department / Program	Open Reqs
Project Management Org	13
Development	6
Enterprise Data	4
Data & Reporting	3
Product	2
Quality & Release Mngmt	2
Other departments (5, 1 each)*	5

Key takeaway: Demand is concentrated: Project Management Org and Development hold 19 of 35 open reqs (54%), and two leaders — Lynn Mettler and Jackie Britt — own 28 of 35. Nearly half the list (18 reqs) is net-new headcount rather than backfill. Separately, 13 accepted offers are pending start and 40 further positions are expected to open.

*Other departments (1 req each): Executive Leadership, Marketing, Architecture & DevOps, Infrastructure & Telecom, Account Management.

Leader is the department roll-up owner. Req 9259 (Data Analyst) has no reason-for-hire recorded and is counted as New.

Requisition Headcount Spend

All 35 open Non-Billable reqs · Annualized target compensation at payscale midpoint, as of August 11, 2026

\$3.90M

TOTAL ANNUALIZED SPEND

\$111K

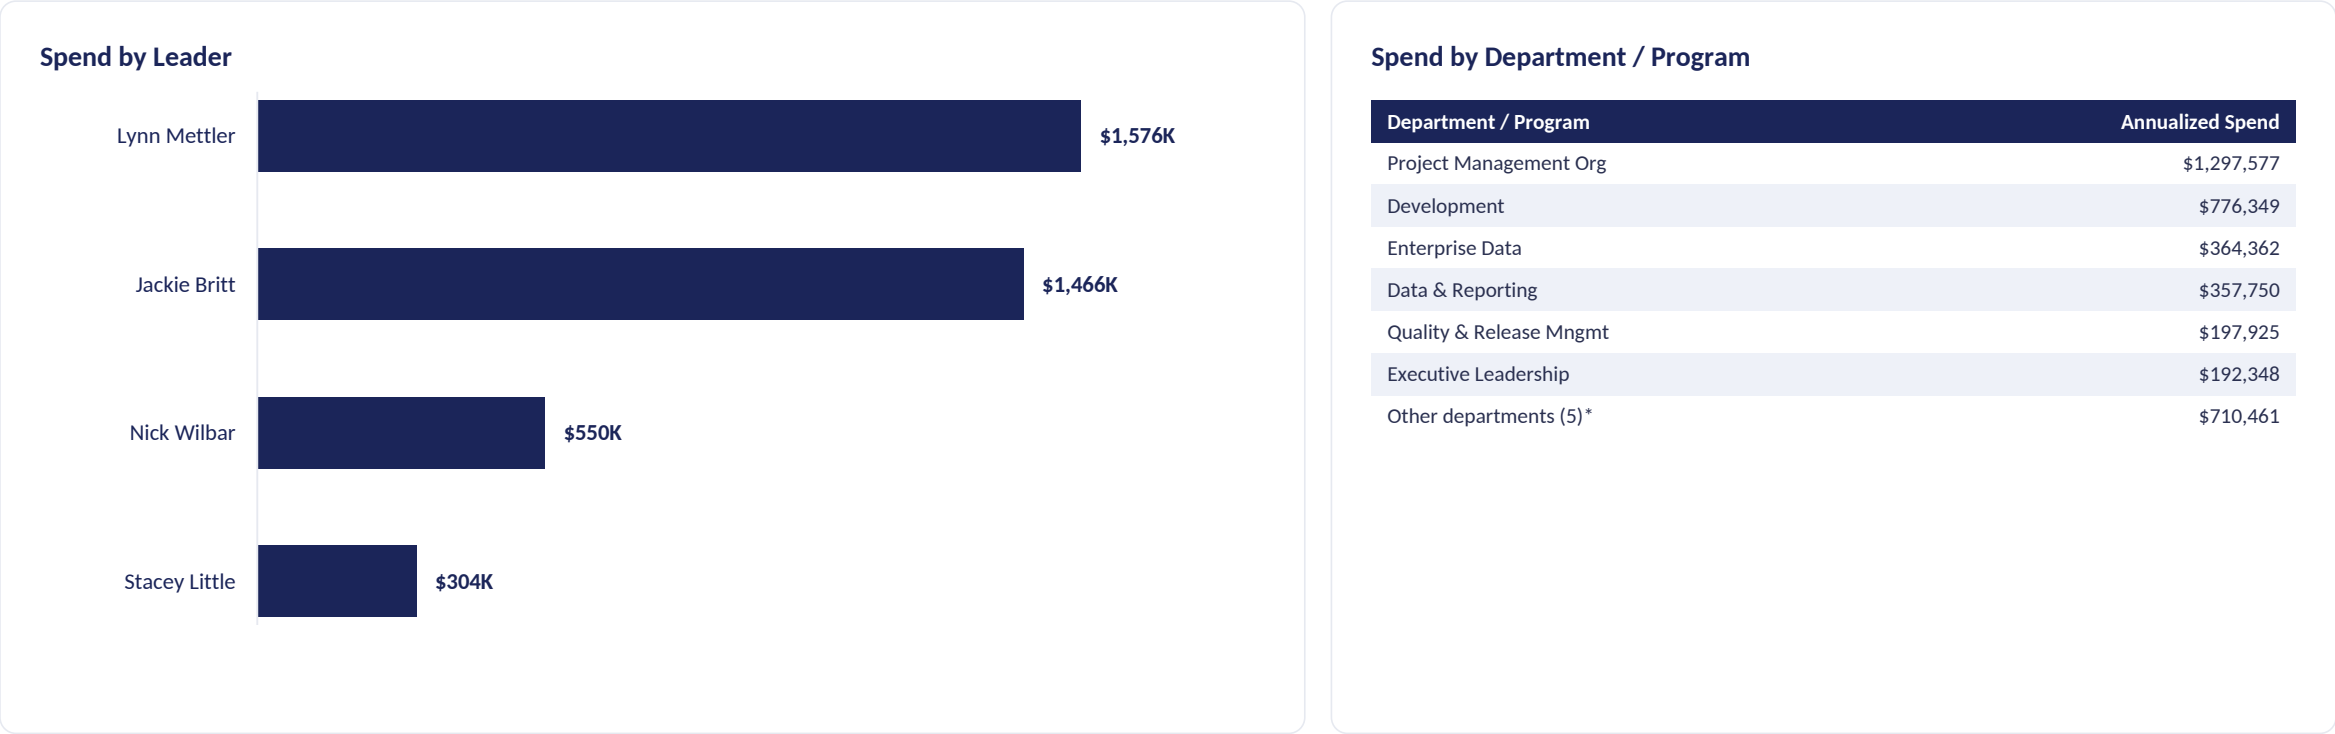

AVG SPEND PER REQ

\$2.11M / \$1.78M

NEW / BACKFILL SPEND

\$192K

LARGEST SINGLE REQ

Key takeaway: Project Management Org and Development carry \$2.07M of the \$3.90M total (53%). The implementation job family alone — 13 reqs — accounts for \$1.30M, and 3 reqs sit at or above \$150K, led by Vice President, Patient Solutions at \$192K.

Spend = midpoint of posted min/max pay range per job title (source: Payscale tab); actual offers may differ. *Other departments (5, \$71.4K–\$192.3K each): Product, Account Management, Architecture & DevOps, Marketing, Infrastructure & Telecom.

STARTING AUG 31

Req #	Job Title	Department / Program	Leader	Type	Start Date	Annualized Offer
8842	Product Owner	Product	Stacey Little	New	Aug 10	\$115,000
8313	Software Solutions Architect	Architecture & DevOps	Lynn Mettler	Backfill	Aug 17	\$175,000
8740	Senior Manager, Product Marketing	Marketing	Stacey Little	New	Aug 17	\$132,500
8742	RFP/Proposal Writer	Marketing	Stacey Little	New	Aug 17	\$75,000
8841	Product Owner	Product	Stacey Little	New	Aug 17	\$123,000
9003	Service Desk Technician, Level 2	Internal Systems	Lynn Mettler	New	Aug 17	\$55,037†
9119	Salesforce Developer II	Development	Lynn Mettler	New	Aug 17	\$95,000
9137	Vice President, Agile Delivery	Development	Lynn Mettler	New	Aug 17	\$275,000
9172	Data Engineer I	Enterprise Data	Lynn Mettler	Backfill	Aug 17	\$108,000
8839	Vice President, Infrastructure & Telecom	Infrastructure & Telecom	Lynn Mettler	Backfill	Aug 31	\$275,000
8972	Implementation Manager	Project Management Org	Jackie Britt	Backfill	Aug 31	\$135,000
9149	Service Desk Technician, Level 1	Internal Systems	Lynn Mettler	Backfill	Aug 31	\$47,840†
9221	Service Desk Technician, Level 2	Internal Systems	Lynn Mettler	Backfill	Aug 31	\$56,160†

Key takeaway: All 13 pending starts land in August: 1 on Aug 10 and the rest across Aug 17 (8) and Aug 31 (4), adding \$1.67M of annualized compensation. Two VP hires (Development, Infrastructure & Telecom) account for \$0.55M — 32% of the total. 3 of the 4 leaders are receiving headcount.

None of these reqs appear in the 35 open reqs on the open-req slides; 6 of them closed off the open list since the prior report. Offer = base only (VP packages also include bonus, sign-on and LTIP). †Hourly rate annualized at 2,080 hours.

POSITIONS WITHOUT PAY BAND

Positions by Home Department

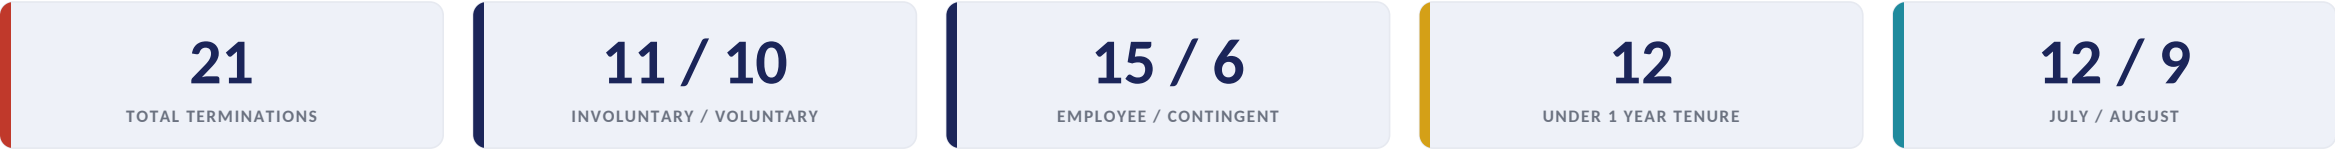

Home Department	ELT Leader	Positions	Projected
000540 - Account Management	Jackie Britt	13	\$1,486,731
000220 - Project Management Org	Jackie Britt	14	\$1,377,902
000290 - Product	Stacey Little	6	\$712,797
000270 - Data & Reporting	Lynn Mettler	3	\$340,390
000240 - Quality & Release Mngmt	Lynn Mettler	2	\$161,334
000230 - Architecture & DevOps	Lynn Mettler	1	\$140,238
000130 - Human Resources	Heather Cullen	1	\$71,370
Total		40	\$4,290,762

Key takeaway: Anticipated demand is now fully priced: \$4.29M across all 40 positions, up from \$3.49M when 7 lacked a pay band, and 110% of the \$3.90M already open. It is concentrated in one leader — Jackie Britt owns 27 of the 40 positions and \$2.86M (67%), against \$713K for Stacey Little and \$642K for Lynn Mettler. 20 of the 40 remain flagged FUTURE NEEDS rather than confirmed, so the figure is a ceiling, not a commitment.

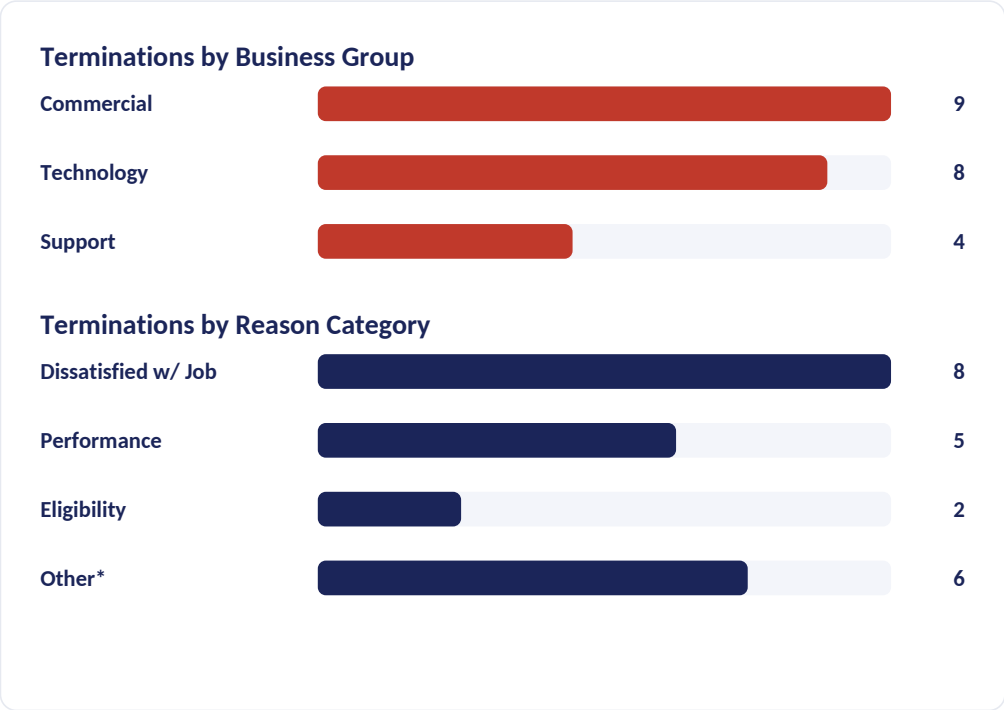

Projected dollars = midpoint of posted min/max pay range for the matching payscale title; all 40 positions are now banded. Six previously unmatched titles were priced this week: Account Director, Agile Coach, Director Strategic Account Management, HR Operations, QA and Project Manager — the last at the Implementation Manager band (\$99,550–\$124,438). ELT Leader is the department roll-up owner. Titles shown as recorded in the source tab.

Terminations

21 terminations · July–August 2026 · Non-Billable · as of August 11, 2026

Terminations by Department		
Home Department		Terms
Project Management Org		6
Development		3
Human Resources		2
Account Management		2
Finance		2
Data & Reporting		2
Enterprise Data		1
Internal Systems		1
Product		1
Allazo Technology		1

Key takeaway: Attrition is concentrated in Project Management Org (6 of 21, 29%), the same department carrying the heaviest open-req and coming-open load, suggesting turnover there is a direct driver of ongoing demand. Involuntary exits (11) slightly outnumber voluntary (10), and over half of all terminations (12 of 21, 57%) involved employees or contingent workers with under one year of tenure, pointing to early-tenure fit or onboarding as an area worth a closer look.

Terminations reflect Non-Billable employees and contingent workers, July–August 2026. Individual names and specific termination reasons are withheld from this report; figures are aggregated by department, business group, and reason category. *Other includes Abandoned Job, Misconduct, Mutual, Org Design, Other, and Retirement (1 each).
